

Do you relish the opportunity to lead a team through the design process? Do you enjoy client interaction and working with them to create the best design for their needs? If so, STG Design is the right place for you!

STG Design is looking for an Intermediate Interior Designer to join our Houston office. STG's employees enjoy our small office feel and all the perks of a big office support system. You'll have direct access to management and also benefit from our enthusiastic, helpful organizational resources team. We have a shared company-wide passion and work together to reach common goals; STG encourages its employees to grow and take on responsibilities based on ability rather than seniority. We are a close-knit group that emphasizes work/life balance and appreciates a healthy sense of humor.

We Are:

- An award-winning commercial architecture and interior design firm with a 40-year history of delivering custom-designed solutions that leave our clients asking for more.
- Focused on outstanding customer service, design excellence and improving our community
- Committed to helping our employees become better professionals and better people

You Excel at:

- Producing contract documents using Revit 2015 or newer
- Creating specifications using Microsoft Word or eSpecs
- Researching interior products
- Developing conceptual ideas and space plans
- Generating compelling visual and descriptive materials for client presentations
- Construction administration

The Musts:

- Interior Design or Architectural degree
- 3 to 5 years of commercial interior design experience in one or more of the following project types: corporate/commercial office, tenant improvement, urban multi-family, student housing, hospitality, institutional
- Strong Revit skills and ability to model complex 3D geometry (we are committed to delivering all projects in Revit!)
- Ability to work efficiently with a highly collaborative team environment
- Excellent communication skills and attention to detail
- Strong production skills
- Management experience is a plus
- LEED accreditation is a plus
- Furniture experience is a plus

We can't wait to talk to you! Please submit resumes to [STGResumes@stgdesign.com](mailto:STGResumes@stgdesign.com) and include "Houston Intermediate Interior Designer" in the subject line.
