

Founded as a company in 1981 and established as an Employee Stock Ownership Plan in 2011, INTERPRISE maximizes return on investment for owners and occupiers of space through interior design and planning services.

INTERPRISE is committed to maintaining excellence through integrity – both in design and business principles. Our strength lies in our team members. Our team is highly creative and enthusiastic about client service, quality of design and timely deliverables. Many members of our team have been with the firm 10-25 years. We believe in diversity, trust and a true collaborative effort. INTERPRISE takes pride in nurturing and mentoring each team member, developing their skills of interest through exposure to all aspects of the Design Profession. We are searching for creative people who share our professional vision.

INTERPRISE is seeking an experienced Project Interior Designer who demonstrates strong interior three dimensional design, creativity with management and leadership skills to join our Corporate Design Studio. The Project Interior Designer is responsible for developing three dimensional design concepts, conceptualizing design presentations, as well as presenting to Clients, for multiple commercial and corporate projects simultaneously. The Project Interior Designer is capable of managing all project deliverables and deadlines, guiding the project team with a clear and comprehensible understanding of project profitability. Candidate is self-motivated, confident and capable in all aspects of design with a strong ability to communicate and interact with Clients, consultant and internal team. The Project Interior Designer is highly creative with strong attention to detail with a commitment to quality.

Eight to ten years' experience and State of Texas registration in Interior Design is required.
