

## **PROJECT MANAGER**

Founded as a company in 1981 and established as an Employee Stock Ownership Plan in 2011, INTERPRISE maximizes return on investment for owners and occupiers of space through interior design and planning services.

INTERPRISE is committed to maintaining excellence through integrity – both in design and business principles. Our strength lies in our team members. Our team is highly creative and enthusiastic about client service, quality of design and timely deliverables. Many members of our team have been with the firm 10-25 years. We believe in diversity, trust and a true collaborative effort. INTERPRISE takes pride in nurturing and mentoring each team member, developing their skills of interest through exposure to all aspects of the Design Profession. We are searching for creative people who share our professional vision.

INTERPRISE is seeking an experienced, strong, self-motivated Project Manager to join the Corporate Design Studio. The Project Manager is responsible for leading and managing the entire project process; advising the Project Team from development of the Fee Proposal all the way through the completion of the Project. The Project Manager is responsible for clear and precise communication to the Project Team (including Consultants), maintaining multiple project schedules ensuring all project milestones and deliverables are met for each Project while monitoring the projects profitability for the duration of the project(s). The Project Manager maintains and nurtures a strong relationship between INTERPRISE and our Client(s) for the duration of the entire project, pre and post to assure Client satisfaction.

Ten years' experience and State of Texas registration in Architecture or Interior Design is required.
