

Mid Level / Senior Interior Designer

t. howard & associates architects, Inc. (th+a) seeks a mid to senior level interior designer (at least 5 years' experience required) with interest in working with a team of well-rounded architects and designers. We are looking for an individual who fits into our culture with a strong passion for their work who wants to be a part of something bigger than themselves.

th+a is a company that recognizes opportunities to improve the lives of others through our design of the built environment, our social justice initiatives, and our search for opportunities to enhance the wellbeing of our society. The firm is a 20-year-young multidisciplinary firm focusing on working collaboratively to yield the best solutions for our clients. The firm believes strongly in a work/life balance. Success in this role will depend on the individual's ability to represent these values and apply them both internally and externally of the firm. In addition, we expect that the candidate is capable of creating outstanding design solutions, providing great client service.

Desirable traits of this position include: strong organizational skills, flexibility in multi-tasking, resourcefulness, curiosity, strong written and oral communication skills, good people skills, and the ability to work within a team structure.

Our salary ranges are competitive and we offer an excellent benefits package. Regular programming includes THAX knowledge exchange classes, weekly lunch and learns, and monthly employee appreciation events. Other benefits include base plus bonuses for projects with new and existing clients, flexible schedules, half day Friday's, employee development programs including paid training, licensure reimbursement, paid vacation, paid holidays, medical, dental, vision, 401K with matching employer contributions and more.

Please send resume and portfolio to jobs@thaarch.com. Direct any inquiries to Sophia Elias at 214-522-1100 x718.
